

Fair Assessment Policy

1. Definition

Awarding organisations must have in place the necessary systems and procedures to allow the provision of access arrangements, including reasonable adjustments. These should reflect the needs of individual learners and must also ensure that assessment continues to enable a valid, reliable and consistent judgement to be made about achievement of all learning outcomes against the stated assessment criteria.

The awarding organisation must also arrange for special consideration to be given to learners that experience temporary illness, injury or indisposition at the time of an assessment. This should allow them to demonstrate the achievement they are capable of for the units that are subject to special consideration.'

All candidates who are registered with our centre will be given all the necessary support needed for them to be assessed with the guidelines of the awarding body.

Special arrangements will be made to facilitate this where applicable. We encourage every candidate to work towards achieving their award but there will be no compromise of competence where special arrangements for assessments are made.

Information of special arrangement for assessments will be shared with the awarding body and their input obtained where necessary.

Candidates who suffer temporary illness, injury or indisposition at the time of independent (including external) assessments will be treated fairly in accordance with any guidelines from the awarding body.

2. Audience

The intended audience for this document is:

- Centre staff responsible for Quality Assurance;
- Assessors;
- Internal Verifiers;

- Quality Reviewers and External Verifiers;
- Key stakeholders involved in unit and qualification development;
- Qualifications Regulators.

3. Introduction

3.1 The policy sets out:

- The principles which should be followed when making decisions about adjustments to assessment;
- The procedures which should be followed when making adjustments to assessment requirements.

3.2 Limm Skills Academy has a duty to ensure that the integrity of our qualifications, units and assessment is maintained at all times. At the same time Limm Skills Academy have a duty to ensure that the rights of individual learners to access qualifications, units and assessment in a way most appropriate for their individual needs are upheld. Disability and equal opportunity legislation and the regulatory criteria give support and guidance to awarding organisations and centres in creating an inclusive assessment process.

3.3 Note where the terms 'access-related needs' or 'access-related issues' are used in this Policy, they refer to any entitlement to access the assessment process resulting from legislation, regulation, or good practice, provided that the standards of the assessment are maintained.

3.4 Limm Skills Academy qualifications and units used are developed to National Standards of knowledge, skills and competences. These are defined in the units of assessment as learning outcomes and assessment criteria. The unit assessment grids or benchmark assessments and where appropriate external assessments ensure that the required standards are met, these cannot be altered outside the unit and qualification approval process.

4. Definition of Reasonable Adjustments

4.1 A reasonable adjustment is any action that helps to reduce the effect of a disability or difficulty that places the learner at a substantial disadvantage in the assessment situation.

4.2 Reasonable adjustments must not affect the reliability and validity of the assessment outcomes, but may involve:

- Changing usual assessment arrangements, for example allowing a learner extra time to complete the assessment activity;
- Adapting assessment materials, such as providing materials in Braille;
- Providing assistance during assessment, such as a sign language interpreter or a reader;
- Re-organising the assessment room, such as removing visual stimuli for a learner with autism;
- Changing the assessment method, for example from a written assessment to a spoken assessment;
- Using assistive technology, such as screen reading or voice activated software.

4.3 Reasonable adjustments are approved or set in place before the assessment activity takes place; they constitute an arrangement to give the learner access to the units and qualification. The work produced by the learner will be marked in the same way as the work of other assessed learners.

4.4 Awarding organisations and centres are only required by law to do what is 'reasonable' in terms of giving access. What is reasonable will depend on the individual circumstances, the impact of the disability on the individual, cost implications and the practicality and effectiveness of the adjustment. Other factors, such as the need to maintain competence should be taken into consideration.

5. Types of Assessment and Reasonable Adjustments

5.1 Different types of assessment make different demands on the learner and will influence whether reasonable adjustments will be needed and the kind of reasonable adjustment which may be put in place.

5.2 The adjustments that are appropriate for a particular assessment will depend upon:

- The specific assessment requirements of the units and/or qualification.
- The type of assessment.
- The particular needs and circumstances of the individual learner.

6. Assessments which are Not Taken Under Examination Conditions

6.1 These types of assessment form the basis of the majority of Limm Skills Academy assessment activity. With these types of assessments Limm Skills Academy has greater flexibility to be responsive to an individual learner's needs and choose an assessment activity and method that will allow the learner to demonstrate attainment.

6.2 These types of assessments may include, for example, coursework, set assignments which are researched in the learner's own time, assessment activities devised by Limm Skills Academy, assessments where the learner has to collect evidence in order to demonstrate competence. The assessment requirements for the majority of vocationally related units and qualifications fall into this group.

6.3 In these types of assessments the learner may meet the specified assessment criteria in any way that is valid. To facilitate access where there is evidence of need, Limm Skills Academy may allow the learner to use any mechanical, electronic or other aids in order to demonstrate achievement as long as the aids:

- Are generally commercially available;
- Reflect the learner's normal way of working;
- Enable the learner to meet the specified criteria;
- Do not give the learner an unfair advantage.

6.4 Limm Skills Academy may present assessment materials or documents in a way that reflects the learner's normal way of working and enables him or her to meet the specified assessment criteria, for example, materials do not have to be in written format, unless specified by the assessment requirements.

6.5 Limm Skills Academy may allow the learner to present their answers or evidence in any format as long as it enables them to demonstrate that they have met the assessment criteria, for example, answers or evidence do not have to be in written format unless specified by the assessment criteria.

6.6 Limm Skills Academy is advised to adopt a flexible approach in identifying alternative ways of achieving the assessment requirements.

6.7 The outcome produced by the learner must at all times:

- Meet the requirements of the specifications regardless of the process or method used;
- Be as rigorous as assessment methods used with other learners;
- Be assessable;
- Be able to be moderated or verified.

6.8 In the case of long-term illness of an individual learner or when a permanent health condition/disability means a learner's completion of assessment takes additional time it may be possible to permit an extension to the deadline for the submission of work for certification. A centre should note that it will not be possible to allow time extensions for all units and qualifications.

6.9 Where reasonable adjustments are put in place for these types of assessments, Limm Skills Academy should check whether permission needs to be obtained.

6.10 The benefits of being able to vary the assessment evidence and choose the most appropriate method of obtaining evidence should be considered when the learner is first accepted onto a programme.

6.11 Where there is an identified need, the learner may present their evidence in any format as long as it enables them to demonstrate that they have met the specified assessment criteria. For example, a learner may present their evidence through the medium of Braille, on audio cassette or on video. Alternatively, oral questioning or witness statements may replace written responses. Where evidence is produced in Braille or signed onto video, it is Limm Skills Academy's responsibility to ensure that a person who is suitably qualified in Braille or sign language is available to translate the material for the internal verifier and Quality Reviewer if this is required.

6.12 The learner must fulfil the demands of the criteria, regardless of method used to obtain the evidence. The assessment criteria may not be amended, re-worded or omitted.

6.13 The learner may use any mechanical or electronic aids which are available in the workplace or which are commercially available in order to demonstrate competence. For example, these may include specially adapted equipment or assistive technology.

6.14 Limm Skills Academy is required to provide the necessary resources to enable a learner with access-related needs to produce evidence of developing the portfolio.

6.15 All adjustments should be consistent with the learner's normal way of working and must not give the learner an unfair advantage over others.

6.16 While assessors, internal moderators and Quality Reviewers normally prefer to see a portfolio made up of evidence which is varied, Limm Skills Academy should be prepared to accept a more restrictive variety of evidence as a means of enabling access. It is sensible, however, to discuss this matter with the internal moderator and/or Quality Reviewer at an early stage.

6.17 The learner must achieve all the required units to gain a Limm Skills Academy qualification. It may sometimes be the case that some full qualifications are inaccessible because of a learner's inability to demonstrate competence in all parts of the qualification. In these cases unit certification will always be available.

7. Assessments which are taken under examination conditions

7.1 Where the method of assessment is more rigidly determined, such as for assessments taken under specified conditions, there may be a greater need for adjustments to standard assessment arrangements in order to give access.

8. Identifying learners who are eligible for reasonable adjustments

8.1 Any adjustment to assessment will be based on what the learner needs to access the assessment. Below are some examples of learner needs that may be adjustments to assessments. This list is not exhaustive and it should be noted that some learner needs will fall within more than one of the categories set out below.

- Communication and interaction needs;
- Cognition and learning needs;
- Sensory and physical needs;
- Behavioural, emotional and social needs.

8.2 The learner will be eligible for reasonable adjustments if their performance during an assessment is likely to be substantially affected by a particular impairment. Many of these learners will be defined as being disabled under the Equalities Act 2010.

8.3 An adjustment to assessment should only be considered where the difficulty experienced places the learner at a substantial disadvantage, in comparison with persons who are not disabled. Where the difficulty is minor, Limm Skills Academy should assist the learner by offering help with study and assessment skills.

8.4 A learner does not necessarily have to be disabled (as defined by the Equalities Act 2010) to be entitled to reasonable adjustments to assessment. Every learner who is disabled will also not necessarily be entitled to or need an adjustment to assessment. The learner may have developed coping mechanisms which minimise or remove the need for assistance.

9. Identifying learners' needs

9.1 Limm Skills Academy has a responsibility to ensure it has effective internal procedures for identifying learner's needs and that these procedures comply with the requirements of Equalities legislation.

9.2 Limm Skills Academy will use the following guide:

- Identify those learners who are having difficulties or are likely to have difficulties accessing assessment;
- Identify whether reasonable adjustments may be needed;
- Identify the appropriate adjustment;

10. Identifying and Obtaining Supporting Evidence

10.1 In order to ensure that any adjustment to assessment will only provide the learner with the necessary assistance without giving him or her, an unfair advantage over others, Limm Skills Academy will make clear about the extent to which the learner is affected by the disability or difficulty.

10.2 Where Limm Skills Academy can verify evidence of the disability or difficulty and where the implications are clear, such as for a learner with physical difficulties, profound hearing impairment or who are registered as

LIMM SKILLS ACADEMY LTD
Innovation | Creativity | Empowerment

blind or partially sighted, Limm Skills Academy does not need to provide further evidence of these physical difficulties.

10.3 Where the implications of the difficulty are not obvious, such as for learning difficulties, or mental health difficulties, Limm Skills Academy will provide additional evidence of the effect of the impairment on the learner's performance in the assessment. Any of the following types of evidence would be acceptable. Limm Skills Academy will decide which of these will best assist understanding of the learner's situation:

- Evidence of assessment of the learner's needs in relation to the particular assessment, made within Limm Skills Academy by the relevant member of staff with competence and responsibility in this area; staff include learning support staff, teaching staff, trainers, assessors and other specialist staff. If necessary, external experts may be called upon to assess the learner.

This evidence should include an indication of how Limm Skills Academy plans to meet the learner's needs and should show that the candidate can cope with the level and content of the assessment. The evidence should be documented for audit purposes. Information from previous centres attended by the learner may also be included;

- History of provision within Limm Skills Academy. This should include information about the support received by the learner during the learning or training programme and during formative assessments. Evidence of the way in which the learner's needs are being met during the learning programme should be documented for audit purposes;
- Written evidence produced by independent, authoritative, specialists. This could take the form of medical, psychological or professional reports or assessments. These reports should state the name, title and professional credentials of the person who wrote the report. The report should set out the nature of the difficulty and extent to which the learner is affected by the difficulty, including the effects of any medication that the learner may be taking. In cases where it might be expected that there could be changes in the way the learner is affected by the difficulty, there will have to be recent and relevant evidence of assessments and consultations carried out by an independent expert.

10.4 A learner with a Statement of Special Educational Need does not automatically qualify for reasonable adjustments. The demands of the units and qualification should be taken into account. The reasons for the statement may have only limited effect on achievement in the assessment.

10.5 It is Limm Skills Academy's responsibility to ensure that all applications for reasonable adjustments are based on the individual need of the learner and that the evidence in support of the application is sufficient, reliable and valid. A centre should maintain records of all cases for audit purposes and to monitor the effectiveness of the reasonable adjustments which have been made.

11. Adjustments agreed with the Quality Reviewer

11.1 For externally verified units and qualifications, Limm Skills Academy will consult with and get agreement from the Quality Reviewer if reasonable adjustments need to be implemented.

12. The range of reasonable adjustments

12.1 The Permissions Table (Appendix 1) lists the most commonly requested adjustments to standard assessment arrangements in a template which can be used when considering where the decisions on applying different reasonable adjustments need to be applied. It is not intended to be a comprehensive list.

12.2 The following sections provide guidance for centres on how various types of reasonable adjustments should be implemented.

APPENDIX 1

Extra Time	<p>Invariably applied to examination based assessment. Extra time should not be allowed where its use will invalidate the assessment criteria.</p> <p>Extra time should not give the learner an unfair advantage over others. The amount of extra time must be realistic.</p>
Supervised rest breaks	<p>Centres should ensure that both the learner and his/her work is supervised during the break. The duration of the break should not be deducted from the assessment time.</p> <p>Rest breaks should not be allowed where their use would invalidate the assessment criteria.</p>
Changes in organisation of the assessment room	Limm Skills Academy should consider the needs of each individual learner and, where possible, arrange the assessment room to suit the learner.
Separate accommodation within Limm Skills Academy	Centres should ensure that, where learners are accommodated separately for assessments taken under examination conditions, usual examination conditions apply and separate invigilation is arranged.
Taking the assessment at an alternative venue	For assessments taken under examination conditions, standard examination conditions should be in place at the alternative venue and the standard procedures for security of assessment material and despatch of the learner's work should be followed.
Use of coloured overlays, low vision aids, tinted spectacles, CCTV and scanners	<p>The learner should be familiar with how the aid works.</p> <p>The use of aids should not give the learner an unfair advantage over other learners or invalidate the assessment criteria.</p>
Use of assistive technology	The learner should be familiar with how the assistive technology works.

LIMM SKILLS ACADEMY LTD
Innovation | Creativity | Empowerment

	The assistive technology should not give the learner an unfair advantage over other learners or invalidate the assessment criteria.
Use of bilingual dictionaries and bilingual translation dictionaries	The use of a bilingual dictionary should not give the learner an unfair advantage over other learners or invalidate the assessment criteria.
Assessment material in enlarged format	Where appropriate, Limm Skills Academy should meet deadlines for requesting enlarged assessment material. In cases where Limm Skills Academy is permitted to enlarge assessment material, Limm Skills Academy should take responsibility for the security of the material and for ensuring that the entire document is enlarged.
Assessment material in Braille	Where appropriate, Limm Skills Academy should meet deadlines for requesting brailled assessment material. In cases where Limm Skills Academy is permitted to Braille assessment material, Limm Skills Academy should take responsibility for the security of the material and for ensuring that the entire document is brailled.
Assessment material on coloured paper	Where appropriate, Limm Skills Academy should meet deadlines for requesting externally set assessment material on coloured paper. Where Limm Skills Academy is permitted to modify the assessment material, it should take responsibility for the security of the assessment material and for the accuracy of the modification.
Assessment material in audio format	Where appropriate, Limm Skills Academy should meet deadlines for requesting assessment material in audio format. Where Limm Skills Academy is permitted to produce an audio version of the assessment material, they should take responsibility for the security of the material and for ensuring that the entire document is copied. Limm Skills Academy should ensure that sufficient playback equipment is provided in full working order.

Use of ICT to present responses	<p>Limm Skills Academy should ensure that:</p> <ul style="list-style-type: none">• the computer is used solely by the learner and not by someone acting on the learner's behalf unless the learner has permission to use a scribe;• the computer is working correctly at the time of an assessment. It is Limm Skills Academy's responsibility to arrange the ICT provision for the learner;• the learner has access only to those facilities (for example spell/grammar checker, voice activated software, speech reading software,)• the learner is not able to gain access to existing files or documents. Where a system operates from flash drive, CD or floppy disk, the learner must be supplied with a formatted flash drive or disk containing only the software required for the assessment;• the computer should be free-standing and not be connected to the Internet, unless this is required in the assessment;• the learner is accommodated separately if the use of a computer is likely to distract other learners. In this case separate invigilation should be arranged;• the learner is present when his/her work is printed. It is normal practice for a printed version of the learner's work to be submitted and authenticated for assessment, and not the disk;• where a question/answer booklet is provided, the learner might need to answer some questions in the booklet and type other answers. Answers should be clearly labelled and the printout must be attached to the question paper/answer booklet;• the learner should be proficient in the use of the computer and its software;• the learner's work is saved frequently and, if possible, using an auto-save facility.
Responses using electronic recording devices	<p>Recording the learner's responses electronically should not be allowed where it will invalidate the assessment requirements.</p> <p>Limm Skills Academy should ensure that the appropriate</p>

	<p>recording equipment is provided in full working order.</p> <p>The learner using recording equipment should be accommodated separately, with separate invigilation, where its use will disturb other learners.</p>
Responses in Braille	A scribe should not be allowed where such use would invalidate the assessment requirements.
Reader	<p>Limm Skills Academy should check that the use of a reader is the most appropriate arrangement to enable the learner to undertake the assessment. Limm Skills Academy should select a reader and fully brief him/her on their responsibilities.</p> <p>A separate invigilator should be present when a reader is used.</p> <p>A reader should not be allowed where such use would invalidate the assessment requirements.</p>
Scribe	<p>Limm Skills Academy should check that the use of scribe is the most appropriate arrangement to enable the learner to undertake the assessment.</p> <p>Limm Skills Academy should select a scribe and fully brief him/her on their responsibilities.</p> <p>A separate invigilator should be present when a scribe is used.</p>
Prompter	<p>Limm Skills Academy should check that the use of a prompter is the most appropriate arrangement to enable the learner to undertake the assessment.</p> <p>Limm Skills Academy should select a prompter and fully brief him/her on their responsibilities.</p> <p>A separate invigilator should be present when a prompter is used. A prompter should not be allowed where such use would invalidate the assessment requirements.</p>

- Not all the adjustments to assessments described below will be reasonable, permissible or practical in particular situations. In some circumstances it may be more appropriate to select an alternative assessment task for the learner;
- The learner may not need, nor be allowed, the same adjustment for all units and qualifications. Some learners may need a single adjustment; others may require a combination of several adjustments;

- Adjustments to assessments will most commonly be needed for assessments which are taken under constrained/examination conditions. The list of reasonable adjustments is organised under the following headings:

13. Records

13.1 A centre should keep records for audit purposes where they are permitted to agree reasonable adjustments, where they agree adjustments to assessment with the Quality Reviewer.

13.2 Limm Skills Academy should retain a copy of the application form and supporting evidence.

These records are classed as assessment records and should be kept for at least 3 years from the end of the year to which they relate.

14. Special consideration

14.1 Each request for special consideration will be unique to each learner or assessment. These guidelines offer some broad principles Limm Skills Academy to follow.

14.2 A learner who is fully prepared and present for a scheduled assessment may be eligible for special consideration if:

- Performance in an assessment is affected by circumstances beyond the control of the learner for example recent personal illness, accident, bereavement, serious disturbance during the assessment
- Alternative assessment arrangements which were agreed in advance of the assessment prove inappropriate or inadequate
- Part of an assessment has been missed due to circumstances beyond the control of the learner
- There is a sufficient difference between the part of the assessment to which special consideration is applied and other parts of the qualifications that have been achieved to infer that the learner could have performed more successfully in the assessment.

LIMM SKILLS ACADEMY LTD
Innovation | Creativity | Empowerment

14.3 A learner will not be eligible for special consideration if:

- No evidence is supplied by Limm Skills Academy that the learner has been affected at the time of the assessment by a particular condition;
- Any part of the assessment is missed due to personal arrangements including holidays or unauthorised absence;
- Preparation for a component is affected by difficulties during the course, for example disturbances through building work, lack of proper facilities, changes in or shortages of staff, or industrial disputes.

14.4 Where an assessment requires the learner to demonstrate practical competence or where criteria have to be met fully, or in the case of qualifications that confer a Licence to Practice, it may not be possible to apply special consideration.

14.5 In some circumstances, for example for on-demand assessments, it may be more appropriate to offer the learner an opportunity to take the assessment at a later date.

14.6 Special consideration should not give the learner an unfair advantage neither should its use cause the user of the certificate to be misled regarding a learner's achievements. The learner's result must reflect his/her achievement in the assessment and not necessarily his/her potential ability.

I have read and understood Fair Assessment Policy.
